Employment Opportunity

Summer Intern

Redfern Farm Services Ltd, is a progressive service-oriented Ag Retailer.

Summer Intern positions will be available at various Western Manitoba RFS locations. The individuals would be responsible for assisting with crop input retail activities. Candidates will take part in an agronomy scouting program, build relationships with current and new customers, and making use of digitalized ag platforms to relay agronomy results to customers. Other duties may include operating equipment, maintaining inventory controls, and providing excellent customer service.

This position could turn into full time employment on completion of education.

Please submit your cover letter and resume to: hr@redferns.ca
